

experience BABY

Experience wonder and joy through the eyes of a baby.

Experience Baby engages the delight, wonder and imagination of your babies in an easy-to-use system of award-winning toys and baby-friendly activities.

Play and Learn

Experience Baby baskets are filled with a carefully chosen set of award-winning manipulatives, board books, music CD and a flip book of baby-friendly activities. These activities link natural play to purposeful interactions. Experience Baby will help you nurture your child's curiosity and foster the early stages of development around 24 key skills.

Experience Baby curriculum organizes the each basket by the primary areas of infant exploration:

- Cause and Effect
- Touch and Hold
- Imitation
- Bounce and Roll
- Build up, Knock Down

Enjoy this emergent curriculum model, where the child's interests and actions will guide you in sharing special moments filled with meaningful interactions.

Baskets are sold separately or as an entire set.
